See Telegraph head for various interesting items of news. The Arabic, now due at Halifax, will probably be heard from to-day.

From Madison.

INDIVIDUAL CORRESPONDENCE OF THE SENTINEL.

Madison, Jan. 31.

I enclose an interesting article, kindly furnished by the Comptroller, and Mr. Menges, his indus-
trial agent, giving the amounts and species of
securities deposited by the banks of our state
which have gone into operation under our general
banking law.

In Senate this morning, a long list of bills was
passed, and a still longer one, ordered to an
engagement. Among the former was one, which
left the Assembly some days since, extending the
time of paying in School and University monies
in the 1st of March. It will save a great deal of
trouble and annoyance in waiting here, if this bill
be generally published. The charter of the
Wood Cemetery Association of Milwaukee also
passed.

The Senate is an industrious body; it is, I
trust, and goes straight through its orders of
business every day. I cannot help thinking that a
little more talking, or at all events, a little more
debate, would serve the interests of the state
better.

In Assembly, Mr. Torbert presented a long re-
monstrance from La Crosse Co., against a division
of that one which the operators have put through
under whip and spur organizing "Trempe a
Court". If this be true—the bill is scarcely
presented, signed, and published.

The House was not in a humor for passing
anything this morning, and, with the exception of
one bill granting the use of the Hall for an exhibi-
tion of the pony's of the Institution for the Blind,
all bills were passed, till the 1st of January next, when it will
probably be old enough and big enough to go
through.

A NEW COUNTY.—The Legislature have passed
an Act organizing the new County of Trempe-a-
Court in the North west corner of our State. It
is attached to La Crosse County, for judicial pur-
poses, till the 1st of January next, when it will
probably be old enough and big enough to go
through.

POKOK PACKING AT CHICAGO.—The Chicago
Democrat of Wednesday says that 25,000 hogs
were packed at that point, sent forward, on foot
or dressed, last year; and that the number will
not be so great this year. The weight and quality
of the Pork, however, this season, exceeds the
last.

A LUCKY DRAW.—John Wentworth, editor of
the Chicago Democrat, has just sold a lot in that
city, 95 by 150 feet, for \$50,000; making, accord-
ing to the Democratic Press, about \$100,000
worth of property he had sold within a year: and he
has more than as much still on hand.

IMMENSE LOSS.—There was a tornado on the
Ohio river Monday night last, and fifty-five coal
and wood barges, broke from their mooring or
were swamped. The loss will exceed \$50,000,
leaves several lives. There was no insurance on
any of the cargoes.

SIMPLY RATTINGS.—The Auburn Daily Ad-
vertiser learns, with deep regret, that Mr. Can-
cer, Agent of the Christian Ambassador, in that
city, a highly esteemed gentleman, has had his
spiritual and physical health greatly impaired
by the spirit of the "Hawks" and "Sofes" of
the State. He is now wild with insanity.

Washington, Jan. 30.

The President has ordered a court of enquiry into
the facts relative to the wreck of the steamer San
Francisco, and the conduct of the army officers
on board.

The galleries of the Senate were, at an early
hour crowded to excess, in consequence of the
anticipations opening of the Nebraska debate.

The Rhode Island protest against the appeal
of the Missouri Compromise was presented by
Mr. Atwood, and voted.

The bill granting packing privileges to the
superintendent of the coast survey was passed.

Douglas is now speaking.

The bill proposed had before the House docu-
ments from the treasury department, giving in-
formation relative to the manufacture and impor-
tation of salt.

The House took up the resolution offered by
Mr. Ewing requiring the Senate to return the bill,
and rejected it.

He then moved for an amendment, offering a
vote of confidence to the Constitution to change
the mode of electing a President and Vice president,
to the Senate.

New York, Jan. 30, 2 P.M.

The steamship Ohio, from Aspinwall, arrived
yesterday, with the California mail to the 1st, 30,
400 packages, and nearly one thousand letters.
A monster packet had been sent to the Governor
for the Queen against the new constitution,
which had not been decided upon.

The gold regulations are highly satisfactory to
the miners generally.

Hartford, Jan. 30.

The Hartford India Rubber works were burned
on Saturday.

Five hundred hands have been thrown out of
employment.

Loss very heavy. Fully insured.

Letters at Washington—Prospect of a Busy
Season.—The New York Birds and Soots,

WASHINGTON, D. C. Jan. 25th.

Messrs. Editors:

When I saw you in Milwaukee a few weeks
ago, the American Minister, is now, according to
the London Weekly News, said to cause great
anxiety to the friends of the Marquis.—Serious
rumors have shown themselves in the leg, and
threaten the knee-joint, and a telegraphic mes-
sage has come to Paris, requesting the attendance
of French surgeons.

The N. Y. Express thinks that the Marquis de
Turgot may lose his leg and possibly his life
in which event Mr. Soule would have to be re-
called.

HIGH PRICES OF PRODUCE.—The Buffalo Re-
porter of Saturday last says:

"Flour has been sold in this city to-day at an
advance of \$1.00 per barrel on yesterday's rates.
Advertisements put in the Weekly at the same rates as in
the Daily."

Price of \$1.00 of the Tri-Weekly \$3.00 and of the
Weekly \$1.00 per year payable in advance.

See Telegraph head for various interesting
news of news. The Arabic, now due at Halifax,
will probably be heard from to-day.
